COLORS

01

Cool tones

From vibrant whites to deep grays, our cool tones are perfect for expanding any space and bringing peace and relaxation to your home.

Ideal for:

Private rooms such as offices, nurseries or bathrooms. They are also a great option for beach houses.

Natural tones

Keep your spaces always on trend with our timeless beiges and grays. Natural tones are versatile and will allow you to easily adapt your rooms by just changing the decoration. It also adds coziness without using darker colors.

Ideal for:

Keeping your space classy with an all natural room or to allow your decoration to stand out. Decoration starts on the floor!

08

Warm tones

Bring up the sun and heat with our golden beiges and dark browns. Creating positive and energetic spaces is possible with these colors.

Ideal for:

They are a great option for rooms where people like to gather such as living rooms or kitchens. They are a perfect match for winter houses.

Trends

Herringbone: Upgrade any room with this timeless and elegant pattern that takes us back to European castles. It is the perfect choice to make a statement.

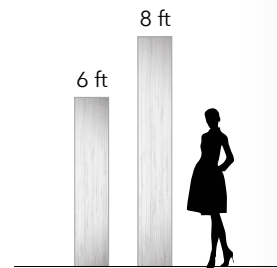

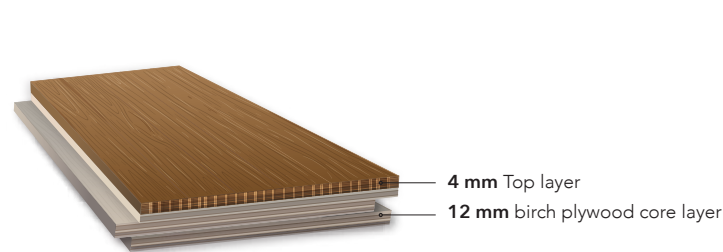

Ideal for:
Private offices or entrances.
